JOB HUNTING

How to present yourself when you have no professional experience...

Learn to **translate academic achievements**:
Demonstrate core competencies for the role using
scenarios from your studies.

Example: *I have developed my communication
skills by volunteering to give regular presentations in
class.*

Essentials when **looking for a job**

Join Talent Pool and careers newsletters for companies I'm interested in

Check online Job Boards: LinkedIn, Indeed, Monster, Job Teaser etc

Connecting with experienced professionals in my area(s) of interest

TRICK! When applying to an internship or junior position search for the person in charge of this position and send an InMail to them.

Steps to **organize your job search**

1. Define your **goals**: Think about your interests in terms of **opportunities, industries, countries** etc.
2. Structure your job search: Give yourself **deadlines** to finalize your CV, send applications etc.
3. Use **tools or apps** to keep **track** of your applications.
4. Balance a **healthy lifestyle** with job searching. Make time for **self-care**.
